Notes:

1. The "Responsible Entity" is responsible for providing an accurate (CWD). This is usually the person in Australia who engages the road carrier or offers the container for transport by road in Australia
2. Separating the weight of the container and it's contents ensures there is no confusion as the whether the declared weight is a net weight or a gross weight.
3. This enables the person who is relying on the (CWD) to determine it's likely accuracy.
4. CWD details could be included in another document (eg) the Import Delivery Order (DO), the Electronic Import Delivery Order (EDO) or provided separately
